## Notice to all Parents & Carers using Sidings Adventure Soft-Room

As we all know, the coronavirus COVID19 is spreading throughout the UK and various steps are being recommended to help delay the spread of the virus.

Therefore Sidings Community Centre has taken the decision to close the Adventure Soft-Room Drop-in sessions until after the Easter Holidays. We know this will be a big disappointment to children and parents/carers. However we felt that this was a responsible action, a preventative step in the interests of the health of young children and their families.

Whilst we have had NO direct incidences of any COVID19 or contact being reported at the centre, we considered this to be an appropriate preventative course of action.

We aim to re-open the Adventure Soft-Room after the Easter School Holidays, depending on the situation and further public health advice, which will be on **Tuesday 21<sup>st</sup> April**. During this time we will take the opportunity to clean the soft-room equipment so it will be fresh and ready for use for everyone.

Please check on our website after the Easter Holidays to confirm re-opening time on [www.sidings.org.uk](http://www.sidings.org.uk).

In the meantime we say to everyone “Stay well, take care and Happy Easter”

Yours sincerely,

Sue Measures,  
Centre Manager.
