The EDSQ will help you to become more confident in using smartphones, laptops and the internet safely and effectively. You will learn how to use digital devices to create documents, search for information, keep in touch with friends and family, shop online, and manage your online security.

You can also achieve a recognised qualification December 2025 at either Entry Level or Level 1, depending on your skills.

Please email james.drummond@camden.gov.uk to arrange a pre-course assessment.

This course will equip you with the digital skills you need to take the online test, along with the essentials of the Highway Code. You'll also learn how you can further build your digital skills once the course is finished.

Courses may fill up quickly, so enrol online if you can, or come to the first session to enrol and guarantee your place.
