## Digital Skills Courses Spring 2026

**Courses Provided by Camden  
Adult Community Learning**

## Essential Digital Skills Qualification (EDSQ)

The EDSQ will help you to become more confident in using smartphones, laptops and the internet safely and effectively. You will learn how to use digital devices to create documents, search for information, keep in touch with friends and family, shop online, and manage your online security.

You can also achieve a recognised qualification December 2025 at either Entry Level or Level 1, depending on your skills.

Please email [james.drummond@camden.gov.uk](mailto:james.drummond@camden.gov.uk) to arrange a pre-course assessment.

### WHEN

From 24 Sep 2025 to 04 Dec 2025  
Wed & Thu 13:00–15:30

## Digital Skills Drop-In Workshop

Do you need help to get started using your smartphone, tablet or laptop? Do you have a question about more advanced device features? Come along to our drop-in workshops at Sidings to get some hands-on help and advice. This is not a course, so you don't need to come every week.

### WHEN

From 25 Sep 2025 to 11 Dec 2025  
Thu 10:00–12:00 & Fri 10:00–12:00

## Prepare for your Online Driving Theory Test

To pass the UK Driving Test, you have to take an online Driving Theory Test as well as the practical test. This course will equip you with the digital skills you need to take the online test, along with the essentials of the Highway Code. You'll also learn how you can further build your digital skills once the course is finished.

Courses may fill up quickly, so enrol online if you can, or come to the first session to enrol and guarantee your place.

### WHEN

From 23 Sep 2025 to 09 Dec 2025  
Tue 10:00–14:00

## Introduction to Generative AI – Short Course

Artificial Intelligence (AI) looks set to revolutionise our lives. This course will give you a gentle introduction and get you using it right from the start. You'll discover what AI is, and how it works. You'll practice using some free AI tools, and you'll explore different ways they can help you perform everyday tasks. You'll also evaluate its risks and limitations, as well as its potential for good. You must be able to use email, search online, and use MS Word. You don't need any experience of using AI.

### WHEN

From 15 Jan 2026 to 12 Feb 2026  
Thu 13:00–15:00 5 weeks
