Digital Skills Courses Summer 2026

**Courses Provided by Camden
Adult Community Learning**

Level 2 Essential Digital Skills (non-accredited)

The purpose of this qualification is to allow students to demonstrate understanding of and competency in, digital literacy skills. It will help students progress to a work role where digital literacy skills are required.

Wednesdays, 13:00–15:30
23/09/2026 – 09/12/2026
Half term: 28/10/2026
Tutor: Abdulghani Leily

Digital Skills Drop-In Workshop

Do you need help to get started using your smartphone, tablet or laptop? Do you have a question about more advanced device features? Come along to our drop-in workshops at Sidings to get some hands-on help and advice. This is not a course, so you don't need to come every week.

Thursdays, 10:00–12:00
24/09/2026 – 10/12/2026
Half term: 29/10/2026
Tutor: Abdulghani Leily

Fridays, 13:00–15:00
25/09/2026 – 11/12/2026
Half term: 20/10/2026
Tutor: Mohamed Abass

Introduction to Generative AI – 6-Week Short Course

Artificial Intelligence (AI) looks set to revolutionise our lives. This course will give you a gentle introduction and get you using it right from the start.

You'll discover what AI is, and how it works. You'll practice using some free AI tools, and you'll explore different ways they can help you perform everyday tasks. You'll also evaluate its risks and limitations, as well as its potential for good.

*You must be able to use email, search online, and use MS Word. You don't need any experience of using AI.

Thursdays, 10:00–12:00
05/11/2026 – 10/12/2026
Tutor: Abdulghani Leily

Next Steps in Generative AI – 5-Week Short Course

This course follows on directly from our Introduction to Generative AI short course. You'll gain a deeper understanding of AI, and how it can help you at work and in your daily life. You'll go into prompt design in more depth, and explore some more of the common AI tools in use. You'll also develop your critical thinking skills, especially around AI hallucinations, misinformation and disinformation.

Thursdays, 10:00–12:00
24/09/2026 – 22/10/2026
Tutor: Abdulghani Leily
